

SYED MUHAMMAD MUSTAFA HASAN

Data Analyst

Karachi, Pakistan | +92 341 8554357 | syedmustafahasan7@gmail.com | linkedin.com/in/mustafahasan98/ | github.com/mustafahasan12

PROFESSIONAL SUMMARY

Data Analyst with 5+ years of software development background and hands-on experience in Python, SQL, Power BI, and Excel. Google Data Analytics Certified with a proven ability to clean, analyze, and visualize complex datasets, build interactive dashboards, and translate data into actionable business insights that support decision-making and improve reporting efficiency.

CORE SKILLS

- Python (Pandas, NumPy, Matplotlib, Seaborn) | SQL | Power BI (DAX, Power Query, Data Modeling)
- Microsoft Excel (Pivot Tables, Power Query) | Data Cleaning & Preprocessing | Exploratory Data Analysis (EDA)
- Business Reporting & Dashboard Development | REST API | Git | Relational Database Design

CERTIFICATION

Google Data Analytics Certificate — Coursera, Nov 2025

6-month program covering the complete data analysis process: data cleaning, analysis, visualization, and storytelling.

DATA ANALYTICS PROJECTS

Hotel Booking Demand Analysis (Python)

- Cleaned and analyzed a multi-thousand-row hotel booking dataset using Python (Pandas, Matplotlib, Seaborn) to uncover booking behavior and cancellation trends.
- Segmented customers by booking pattern and identified key cancellation drivers, delivering insights that informed revenue optimization strategies.

Telecom Customer Churn Dashboard (Power BI)

- Built an interactive Power BI dashboard tracking customer retention and churn KPIs for a telecom client, enabling stakeholders to monitor at-risk segments in real time.
- Identified key churn drivers through DAX-based calculated measures and visual analysis, supporting targeted retention strategies.

Sales and Profit Dashboard (Power BI)

- Designed a dynamic Power BI dashboard analyzing sales performance, profitability, and product trends across multiple filters and KPIs.
- Enabled business users to drill down into customer activity and product-level performance, supporting faster, data-driven decisions.

PROFESSIONAL EXPERIENCE

Senior PHP Developer | Matech Consulting and Outsourcing

Sep 2023 – Present

- Develop and optimize complex SQL queries for data retrieval, reporting, and application performance, improving query efficiency for business reporting needs.
- Collaborate with stakeholders to translate business reporting requirements into structured, query-driven solutions.

PHP Developer | Olive Digital

Aug 2022 – Aug 2023

- Wrote SQL queries, joins, stored procedures, and views to support reporting and day-to-day business operations.
- Maintained data accuracy and consistency across reporting systems used by multiple business units.

PHP Developer | KoderSpot

Mar 2020 – Aug 2022

- Designed relational database schemas and maintained normalized database structures to support scalable data storage and retrieval.

EDUCATION

Bachelor of Science in Computer Science
Iqra University, Karachi — Jan 2020

LANGUAGES

English, Urdu
